PREFACIO

Es nuestro placer presentarles a ustedes el Catálogo de Partes.

Este Catálogo ha sido especialmente diseñado para ayudarle en la selección de las partes correctas con el fin de mantener el vehículo en las mejores condiciones.

Los repuestos originales están sujetos a un exigente estándar de control de calidad, por lo tanto es necesario que usted sólo use repuestos originales.

En nuestro constante esfuerzo para mejorar la eficiencia y desempeño de su vehículo, las especificaciones, diagramas y número de partes pueden cambiar sin previo aviso. Consecuentemente las descripciones de los repuestos en este Catálogo pueden no ser las finales y definitivas.

Las alteraciones y modificaciones que ocurren en la impresión de este Catálogo, serán informadas a nuestra red, a través de circulares de Servicio o en nuestra página web: www.autecomobility.com accediendo al link repuestos. Es requisito que usted actualice su Catálogo y haga las correcciones necesarias, una vez reciba dichas circulares. Lo anterior le asegurará un rápido y adecuado despacho de sus partes, pues las órdenes están siendo diligenciadas con las referencias más actualizadas.

En caso de necesitar asistencia técnica, comunicarse con el Distribuidor Autorizado o llamar al Departamento de Servicios Auteco Mobility.

This diagram illustrates the exploded view of a mechanical assembly, likely a timing mechanism or a small motor component. The parts are numbered 1 through 13:

- 1**: A large gear with 12 teeth and a central hub with four mounting holes.
- 2**: A small circular washer or spacer.
- 3**: A small screw or pin used for mounting.
- 4**: A small cylindrical component, possibly a bush or a small gear.
- 5**: A small circular washer or spacer.
- 6**: A small screw or pin used for mounting.
- 7**: A gear with 12 teeth and a central hub with four mounting holes.
- 8**: A gear with 12 teeth and a central hub with four mounting holes.
- 9**: A gear with 12 teeth and a central hub with four mounting holes.
- 10**: A gear with 12 teeth and a central hub with four mounting holes.
- 11**: A small circular washer or spacer.
- 12**: A gear with 12 teeth and a central hub with four mounting holes.
- 13**: A small cylindrical component, possibly a bush or a small gear.

The assembly is shown in a perspective view, with the components arranged along a diagonal line to indicate their relative positions and the order of assembly.

This diagram shows an exploded view of a mechanical assembly, likely a gearbox or transmission. The components are numbered 1 through 39. The assembly is organized into three main sections, each highlighted by a rectangular outline:

- Top Section:** Contains parts 1 through 10, including a series of gears (1, 2, 3, 4, 5, 6, 7, 8, 9) and a shaft (10).
- Middle Section:** Contains parts 11 through 22, including a central shaft (15) with multiple gears (11, 12, 13, 14, 16, 17, 18, 19, 20, 21) and a large gear (22) at the end.
- Bottom Section:** Contains parts 23 through 33, including a large gear (23), a shaft (28), and a housing or cover (33).

Additional parts shown include a small assembly (34, 35, 36, 37, 38, 39) on the left and a small component (40) at the bottom left. The diagram illustrates the relative positions and assembly sequence of these components.

11

This exploded view diagram illustrates the assembly of a mechanical component, likely a valve actuator. The parts are numbered 1 through 20. The assembly is shown in a disassembled state to identify individual components and their relative positions. Key parts include a main shaft (13), a handle (12), a spring (14), a nut (15), a washer (16), a pin (9), a sleeve (8), a bracket (10), a lever (11), a bolt (5), a star-shaped cover (6), a motor (7), a pin (17), a bracket (19), a plate (20), and a lever (18). The diagram uses perspective to show the spatial relationship between these parts, with some components like the handle and shaft already partially assembled.

12

13

This diagram shows an exploded view of a mechanical assembly. The components are numbered as follows:

- 1:** Two screws with hex heads and black shafts, used for mounting.
- 2:** The main cylindrical motor or actuator unit with a mounting bracket on the side and a splined shaft at the front.
- 3:** A long, hollow cylindrical tube.
- 4:** A small, thin-walled cylindrical component, likely a bush or spacer.
- 5:** A small gear with approximately 12 teeth.
- 6:** A small gear with approximately 12 teeth, similar to part 5.
- 7:** A large gear with approximately 40 teeth, which is the main drive gear.

The assembly is shown in an exploded state, indicating the relative positions and assembly sequence of the parts. A cable is also connected to the top of the main unit (2).

[illegible]

Exploded view diagram of a water pump assembly. The components are labeled with numbers 1 through 7:

- 1: Water pump housing
- 2: Bolt
- 3: Nut
- 4: Upper hose
- 5: Lower hose
- 6: Long lower hose
- 7: Water pump assembly with mounting bracket

47

This diagram illustrates the components of a motorcycle headlight assembly, numbered 1 through 13:

- 1**: Main headlight housing (upper and lower sections).
- 2**: Headlight bezel or lower housing section.
- 3**: Headlight lens or protective cover.
- 4**: Headlight bulb.
- 5**: Upper mounting bolt.
- 6**: Upper mounting washer or spacer.
- 7**: Lower mounting bracket or plate.
- 8**: Lower mounting bolt.
- 9**: Lower mounting washer or spacer.
- 10**: Headlight mounting plate or bracket.
- 11**: Headlight mounting bracket or arm.
- 12**: Headlight mounting plate or bracket.
- 13**: Headlight mounting bolt.

FIGURA N° 17: MANUBRIO - ESPEJOS

[illegible]

This diagram shows the exploded view of a fuel tank assembly. The main component is the fuel tank (4), which has a circular opening on its side. The assembly includes the following parts:

- 1: A bolt or screw used for securing the tank.
- 2: A circular gasket or seal.
- 3: A rectangular component, possibly a filter or a mounting bracket.
- 4: The main fuel tank body.
- 5: A fuel pump or nozzle assembly.
- 6: Two fuel lines or hoses.
- 7: Two circular components, likely fuel filters or caps.
- 8: A small connector or fitting.
- 9: A curved fuel line or hose.
- 10: A long fuel line or hose.
- 11: A small component, possibly a valve or a connector.

21

Diagram illustrating the components of a motorcycle seat assembly:

- 1**: Points to the main seat cushion.
- 2**: Points to two screws used for mounting.
- 3**: Points to two washers used for mounting.

[illegible]

FIGURA N° 20: PARTES ELECTRICAS

[illegible]

24

An exploded view diagram of a mechanical assembly. The components are labeled with numbers in boxes: 1 (main housing), 2 (red rectangular component), 3 (U-shaped bracket), 4 (two small circular components), 5 (two small rectangular components), 6 (two screws), 7 (two screws), and 8 (four circular components). The diagram shows the relative positions and assembly sequence of these parts.

25

A detailed diagram of a fog light assembly. The central component is a rectangular fog light housing with a textured lens. To its left is a wiring harness (2) with a bulb (3). To its right are two sets of mounting hardware: a top set (4) and a bottom set (5). A bracket (6) is shown below the main assembly. Numbered callouts 1 through 6 identify the following parts:

- 1: Fog light housing
- 2: Wiring harness
- 3: Bulb
- 4: Top mounting hardware (nuts and washers)
- 5: Bottom mounting hardware (nuts and washers)
- 6: Mounting bracket

26

This diagram illustrates the exploded view of a motorcycle helmet assembly. The components are labeled as follows:

- 1**: The main outer shell of the helmet, shown in two views (top and side).
- 2**: A small metal pin or screw used for assembly.
- 3**: A circular gasket or seal.
- 4**: A small metal bracket or clip.
- 5**: A red rectangular component, likely a chin strap or ventilation part.

27

This diagram illustrates the exploded view of a carburetor assembly. The components are numbered as follows:

- 1**: Two screws for the air filter base.
- 2**: The air filter base.
- 3**: The carburetor body.
- 4**: Two screws for the float bowl.
- 5**: A long pin or screw for the float valve.
- 6**: A gasket or seal for the float bowl.
- 7**: The float bowl.
- 8**: A small screw or pin for the float valve assembly.
- 9**: A float valve assembly component.
- 10**: A float valve assembly component.

This diagram illustrates the components of a bicycle seat assembly, numbered 1 through 15. The parts are as follows:

- 1**: A curved, padded seat cushion.
- 2**: A small metal bolt or screw.
- 3**: A long, curved metal spring or support arm.
- 4**: A small metal bracket or clip.
- 5**: A small metal bracket or clip.
- 6**: A long, curved metal spring or support arm.
- 7**: A small metal bolt or screw.
- 8**: A small metal bracket or clip.
- 9**: A small metal bracket or clip.
- 10**: A small metal bracket or clip.
- 11**: A small metal bracket or clip.
- 12**: A long, straight metal rod or post.
- 13**: A small metal bracket or clip.
- 14**: A small metal bracket or clip.
- 15**: A small metal bracket or clip.

This diagram shows an exploded view of a mechanical assembly. The components are numbered as follows:

- 1**: A large, complex cast metal housing or bracket.
- 2**: A set of four small, identical circular gaskets or washers.
- 3**: A vertical cylindrical shaft or tube.
- 4**: A horizontal plate with two circular holes and two mounting tabs.
- 5**: A hexagonal nut.
- 6**: A circular gasket or washer.
- 7**: A circular gasket or washer.
- 8**: A circular gasket or washer.
- 9**: A circular gasket or washer.
- 10**: A circular gasket or washer.
- 11**: A circular gasket or washer.
- 12**: A circular gasket or washer.
- 13**: A circular gasket or washer.
- 14**: A circular gasket or washer.
- 15**: A small, L-shaped metal pin or clip.
- 16**: A bolt or screw.
- 17**: A set of four bolts or screws.
- 18**: A small, dark, circular cap or plug.
- 19**: A complex metal bracket or arm with multiple mounting points.

This diagram illustrates the exploded view of a motorcycle fender assembly. The components are numbered as follows:

- 1**: Main fender body.
- 2**: Fender bracket.
- 3**: Upper fender extension.
- 4**: Lower fender extension.
- 5**: Mounting bracket for the fender bracket.
- 6**: Mounting bracket for the fender bracket.
- 7**: Mounting bracket for the fender bracket.
- 8**: Mounting bracket for the fender bracket.
- 9**: Mounting bracket for the fender bracket.
- 10**: Mounting bracket for the fender bracket.
- 11**: Mounting bracket for the fender bracket.
- 12**: Mounting bracket for the fender bracket.
- 13**: Mounting bracket for the fender bracket.

34

This diagram illustrates the components of a rear wheel assembly, including the wheel hub, brake disc, brake caliper, brake pads, brake master cylinder, brake lines, and various fasteners. The components are numbered as follows:

- 1: Brake master cylinder
- 2: Brake line fitting
- 3: Brake line fitting
- 4: Brake line
- 5: Brake line fitting
- 6: Brake pads
- 7: Brake caliper
- 8: Brake line fitting
- 9: Brake line fitting
- 10: Brake disc
- 11: Brake line fitting
- 12: Brake line fitting

35

This diagram illustrates the components of a rear wheel hub and brake assembly. The parts are numbered as follows:

- 1**: A small metal pin or clip used to secure the brake shoes.
- 2**: The rear wheel hub assembly, showing the mounting flange and internal structure.
- 3**: The brake shoes, which are curved components that press against the brake drum.
- 4**: The brake springs, which hold the brake shoes in their retracted position.
- 5**: A long bolt used to secure the hub to the axle.
- 6**: A washer or spacer plate used between the hub and the axle.
- 7**: A nut used to secure the washer to the axle.
- 8**: A short bolt or pin used to secure the brake shoes to the hub.
- 9**: A small metal pin or clip used to secure the brake shoes.
- 10**: A long metal bracket or lever used to hold the brake shoes in place.

36

This diagram shows the components of a wheel assembly. The main assembly is enclosed in a dashed box and includes:

- 17**: The wheel rim.
- 13**, **16**, and **14**: Three brake pads arranged vertically on the right side.
- 15**: A brake disc located at the bottom right of the dashed box.
- 8**, **9**, **11**, **9**, and **10**: Five small circular components (possibly pins or washers) arranged horizontally at the bottom of the dashed box.

 Outside the dashed box are the following components:

- 1**: A tire.
- 2**: A small rectangular component, likely a sensor or marker.
- 3**: A curved component, possibly a fender or guard.
- 4**: A long bolt or screw.
- 5**: A small square component.
- 6**: A small circular component.
- 7**: A cable with a connector.

37

This diagram illustrates the components of a bicycle wheel assembly, numbered 1 through 18. The main assembly includes a tire (1), a rim (17), a hub (15), and spokes (13, 14, 16). The hub assembly (15) is shown in a dashed box, containing a central hub (15), two axle nuts (10, 11), two axle washers (12, 13), and two axle cones (14, 15). The spokes (13, 14, 16) are shown in a dashed box, indicating they are separate components. The tire (1) is shown with a valve stem (2) and a valve cap (3). The axle (8) is shown with a nut (5), a washer (6), and a cone (7). The hub (15) is shown with a central hub (15), two axle nuts (10, 11), two axle washers (12, 13), and two axle cones (14, 15). The spokes (13, 14, 16) are shown in a dashed box, indicating they are separate components.

38

This diagram illustrates the components of a vehicle suspension system, likely a rear axle assembly, with numbered callouts for identification:

- 1:** Upper control arm bolt.
- 2:** Lower control arm bolt.
- 3:** Control arm bushings.
- 4:** Coil spring.
- 5:** Shock absorber.
- 6:** Shock absorber pin.
- 7:** Shock absorber pin bushing.
- 8:** Rear axle shaft.
- 9:** Axle pin.
- 10:** Axle pin bushing.
- 11:** Rear axle housing.
- 12:** Axle pin bushing.
- 13:** Axle pin bushing.
- 14:** Axle pin bushing.

39

Diagram illustrating the components of a chainsaw bar and chain assembly, numbered 1 through 10:

- 1: Chainsaw bar
- 2: Chain
- 3: Guide bar shoe
- 4: Screws for bar mounting
- 5: Washers for bar mounting
- 6: Screws for chain mounting
- 7: Drive sprocket
- 8: Chain tensioner
- 9: Screws for sprocket mounting
- 10: Assembly of sprocket, chain, and guide bar shoe

40

This diagram shows the components of a bicycle seat assembly. The main parts are the seat rails (1) and the seat post (2). The seat rails are connected to the seat post via seat post clamps (3, 4, 5). The seat post is secured with a seat post cap (6) and a seat post nut (7). The seat post is also secured with a seat post cap (6) and a seat post nut (11). The seat post is secured with a seat post cap (6) and a seat post nut (11). The seat post is secured with a seat post cap (6) and a seat post nut (11).

41

This diagram shows the exploded view of a motorcycle fender assembly. The components are labeled as follows:

- 1**: Main fender body (left).
- 2**: Fender tip (right).
- 3**: Main fender body (bottom).
- 4**: Fender tip (bottom right).
- 5**: Screws (left and right).
- 6**: Washers (right).
- 7**: Nuts (left and right).

FIGURA N° 41: DEFENSA

[illegible]

This diagram shows the exploded view of a motorcycle frame assembly. The main frame is centrally located. To its left, a long, thin component (2) is shown with a bracket (1) and a bolt (8). Below this, a series of parallel bars (7) and a single bar (9) are shown. To the right of the main frame, a large, dark, curved component (12) is shown. Above it, a bolt (11), a nut (8), and three washers (6) are shown. Below the main frame, a series of parallel bars (10) and a single bar (9) are shown. To the right of the main frame, a bolt (15) and a nut (13) are shown. The diagram is labeled with numbers 1 through 15, indicating the various components and their assembly points.

45

This diagram illustrates the assembly of a mechanical component, likely a bracket or support structure. The parts are numbered 1 through 14:

- 1**: A long vertical bolt.
- 2**: A shorter vertical bolt.
- 3** and **4**: Two identical triangular plates with three mounting holes each.
- 5**: A large circular washer or spacer.
- 6**: Four medium-sized circular washers.
- 7**: A small vertical bolt.
- 8**: A small triangular plate with three mounting holes.
- 9**: Two small circular washers.
- 10**: A small vertical bolt.
- 11**: A small circular washer.
- 12**: A small circular washer.
- 13**: A long horizontal base plate with a central mounting hole.
- 14**: A shorter vertical bolt.

The assembly process involves attaching the triangular plates (3, 4, 8) to the base plate (13) using the bolts (1, 2, 7, 14) and washers (5, 6, 9, 11, 12).

46

Diagram illustrating the components of a fuel filter assembly:

- 1**: Fuel filter element (white, cylindrical).
- 2**: Fuel filter housing (black, hexagonal).
- 3**: Two screws (black) used for securing the housing.

47

1 — **EURO3**

2 — **VICTORY MRX**

3 — **125**

4 — **125**

5 — **125**

6 — **125**

7 — **125**

8 — **125**

9 — **125**

10 — **125**

11 — **125**

12 — **125**

48

A blue and black Victory motorcycle is shown at the top of the page. Below it, eleven numbered blanks are provided for labeling the motorcycle's components. The blanks are as follows:

- 1. A green and black "EURO3" badge.
- 2. A black and red "VICTORY" badge.
- 3. A blue and black "125F" badge.
- 4. A blue and black "S" badge.
- 5. A blue and black "S" badge.
- 6. A blue and black "MRX" badge.
- 7. A blue and black "MRX" badge.
- 8. A blue "125F" badge.
- 9. A blue "125F" badge.
- 10. A blue "V" badge.
- 11. A blue "V" badge.
