PREFACIO

Es nuestro placer presentarles a ustedes el Catálogo de Partes.

Este Catálogo ha sido especialmente diseñado para ayudarle en la selección de las partes correctas con el fin de mantener el vehículo en las mejores condiciones.

Los repuestos originales están sujetos a un exigente estándar de control de calidad, por lo tanto es necesario que usted sólo use repuestos originales.

En nuestro constante esfuerzo para mejorar la eficiencia y desempeño de su vehículo, las especificaciones, diagramas y número de partes pueden cambiar sin previo aviso. Consecuentemente las descripciones de los repuestos en este Catálogo pueden no ser las finales y definitivas.

Las alteraciones y modificaciones que ocurren en la impresión de este Catálogo, serán informadas a nuestra red, a través de circulares de Servicio o en nuestra página web: www.autecomobility.com accediendo al link repuestos. Es requisito que usted actualice su Catálogo y haga las correcciones necesarias, una vez reciba dichas circulares. Lo anterior le asegurará un rápido y adecuado despacho de sus partes, pues las órdenes están siendo diligenciadas con las referencias más actualizadas.

En caso de necesitar asistencia técnica, comunicarse con el Distribuidor Autorizado o llamar al Departamento de Servicios Auteco Mobility.

REVISADO MAYO 2025

This exploded view diagram illustrates the assembly of a 4-cylinder engine. The components are numbered as follows:

- 1**: Base plate or housing.
- 2**: Engine block.
- 3**: Piston pin.
- 4**: Piston pin clip.
- 5**: Piston pin clip.
- 6**: Piston pin clip.
- 7**: Piston pin clip.
- 8**: Piston pin clip.
- 9**: Piston pin clip.
- 10**: Piston pin clip.
- 11**: Piston pin clip.
- 12**: Piston pin clip.
- 13**: Piston pin clip.
- 14**: Piston pin clip.
- 15**: Piston pin clip.

The diagram shows the assembly of the piston and connecting rod components (3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15) into the engine block (2) and base plate (1). A grey arrow points to the left, indicating the direction of assembly.

[illegible]

This diagram illustrates the assembly of a 7800cc engine block and cylinder head. The components are labeled as follows:

- 1**: Small cylindrical pin or dowel.
- 2**: Small cylindrical pin or dowel.
- 3**: The main engine block, featuring two large circular openings and the text "7800cc" on its side.
- 4**: Long vertical pin or dowel.
- 5**: Small cylindrical pin or dowel.
- 6**: The cylinder head gasket, a flat, irregularly shaped component with multiple holes.

A grey arrow points towards the left side of the engine block, indicating the direction of assembly or the location of a specific feature.

4

This diagram illustrates the exploded view of a mechanical assembly, likely a timing belt system. The components are numbered as follows:

- 1**: A small, dark, rectangular component, possibly a pin or a small bracket.
- 2**: A small, circular component, likely a pin or a small washer.
- 3**: A small, circular component, likely a pin or a small washer.
- 4**: A large, circular gear or pulley with teeth.
- 5**: A curved, ribbed component, likely a timing belt.
- 6**: A small, circular component, likely a pin or a small washer.
- 7**: A small, cylindrical component, likely a pin or a small washer.
- 8**: A small, cylindrical component, likely a pin or a small washer.
- 9**: A long, curved, ribbed component, likely a timing belt.
- 10**: A long, cylindrical component with a flange, likely a shaft or a pulley.
- 11**: A small, circular component, likely a pin or a small washer.
- 12**: A small, cylindrical component, likely a pin or a small washer.
- 13**: A small, cylindrical component, likely a pin or a small washer.
- 14**: A small, cylindrical component, likely a pin or a small washer.
- 15**: A long, straight, ribbed component, likely a timing belt.

5

This exploded view diagram illustrates the assembly of a mechanical component, likely a pump or motor. The parts are numbered as follows:

- 1**: A cylindrical housing or bellows component.
- 2**: A small circular gasket or seal.
- 3**: A small cylindrical pin or plug.
- 4**: A larger cylindrical component, possibly a valve or connector.
- 5**: A complex lever or arm assembly with a circular base.
- 6**: A small circular gasket or seal.
- 7**: A small cylindrical pin or plug.
- 8**: A small cylindrical pin or plug.
- 9**: A small circular gasket or seal.
- 10**: A large cylindrical component with a gear-like outer edge.
- 11**: A small cylindrical pin or plug.
- 12**: A small circular gasket or seal.
- 17**: A small cylindrical pin or plug.

The diagram shows the relative positions and assembly sequence of these parts, with arrows indicating the direction of assembly.

FIGURA N° 8:SISTEMA DE CAMBIOS

This exploded view diagram illustrates the assembly of a mechanical component, likely a pump or motor housing. The parts are numbered as follows:

- 1:** Two circular end plates or covers.
- 2:** A central shaft or rotor assembly.
- 3:** Multiple small cylindrical components, possibly O-rings or seals.
- 4:** A small circular component, possibly a pin or washer.
- 5:** A large, complex housing or frame.
- 6:** Numerous small cylindrical components, likely O-rings or seals, distributed throughout the assembly.
- 7:** A circular component, possibly a bearing or seal.
- 8:** A small rectangular component, possibly a pin or washer.
- 9:** A large, irregularly shaped component, possibly a cover or housing.
- 10:** Two small cylindrical components, possibly O-rings or seals.
- 11:** A large, curved component, possibly a housing or frame.
- 12:** A small cylindrical component, possibly a pin or washer.
- 13:** A small rectangular component, possibly a pin or washer.
- 14:** A small, L-shaped component, possibly a bracket or support.
- 15:** Two small cylindrical components, possibly O-rings or seals.
- 16:** A small cylindrical component, possibly a pin or washer.

The diagram shows the relative positions and assembly sequence of these components, with dashed lines indicating the alignment of parts.

[illegible]

This exploded view diagram illustrates the assembly of a mechanical component, likely a motor or actuator. The parts are numbered 1 through 15. The assembly sequence is indicated by dashed lines and an arrow pointing towards the components.

- Part 1:** A large gear or pulley with a central hub.
- Part 2:** A small pin or screw.
- Part 3:** A small pin or screw.
- Part 4:** A cylindrical component, possibly a motor or actuator.
- Part 5:** A small gear or pulley.
- Part 6:** A small ring or washer.
- Part 7:** A small pin or screw.
- Part 8:** A small pin or screw.
- Part 9:** A small pin or screw.
- Part 10:** A large gear or pulley with a central hub.
- Part 11:** A small pin or screw.
- Part 12:** A small pin or screw.
- Part 13:** A small pin or screw.
- Part 14:** A large gear or pulley with a central hub.
- Part 15:** A small pin or screw.

This diagram illustrates the exploded view of a mechanical assembly, likely a pump or motor housing. The components are numbered as follows:

- 1:** Multiple screws used for fastening various parts.
- 2:** A small pin or clip.
- 3:** The main circular housing or pump body.
- 4:** Small spacers or washers.
- 5:** Long screws used for mounting or securing the assembly.
- 6:** A bracket or support arm.
- 7:** A small pin or clip.
- 8:** A small pin or clip.
- 9:** A bracket or support arm.
- 10:** A large, curved protective cover or housing.
- 11:** A small pin or clip.
- 12:** Small spacers or washers.

The diagram shows the spatial relationship between these parts, indicating how they are assembled. A small 3D perspective view of a component is shown in the bottom left corner.

17

This exploded view diagram illustrates the assembly of a Benelli motorcycle engine. The central component is the engine block (2), which features the 'Benelli' logo and '1100 cc' specification. Surrounding it are various components including the cylinder head (14), timing cover (3), and other engine parts. The diagram is annotated with numbers 1 through 17, indicating the specific parts and their assembly sequence. A small inset shows a separate component (16) with a corresponding part (17) for identification.

[illegible]

This diagram illustrates the exploded view of a mechanical assembly, with components numbered 1 through 17. The assembly is shown in a perspective view, with a large arrow pointing towards the right, indicating the direction of assembly. The components are arranged in a linear sequence, with the following parts identified:

- 1: A small circular component, likely a cap or cover.
- 2: A small circular component, likely a cap or cover.
- 3: A small circular component, likely a cap or cover.
- 4: A small circular component, likely a cap or cover.
- 5: A small circular component, likely a cap or cover.
- 6: A small circular component, likely a cap or cover.
- 7: A small circular component, likely a cap or cover.
- 8: A small circular component, likely a cap or cover.
- 9: A small circular component, likely a cap or cover.
- 10: A large circular component, likely a main housing or cover.
- 11: A small circular component, likely a cap or cover.
- 12: A small circular component, likely a cap or cover.
- 13: A small circular component, likely a cap or cover.
- 14: A small circular component, likely a cap or cover.
- 15: A small circular component, likely a cap or cover.
- 16: A large oval component, likely a main housing or cover.
- 17: A bracket indicating a group of components, likely the main housing or cover.

FIGURA N° 24:GUARDABARRO TRASERO-DIRECCIONALES TRASERAS

This exploded view diagram illustrates the assembly of a bicycle wheel. The components are numbered as follows:

- 1**: Axle
- 2**: Axle nuts (two shown)
- 3**: Disc brake rotor
- 4**: Tire
- 5**: Rim
- 6**: Wheel hub
- 7**: Spoke
- 8**: Fender
- 9**: Lock washers
- 10**: Washers
- 11**: Nuts
- 12**: Spacers
- 13**: Hub body
- 14**: Freehub body
- 15**: Pedal cranks
- 16**: Pedal axle
- 17**: Pedal
- 18**: Pedal lock washers

The diagram shows the spatial relationship between these parts, from the axle and brake rotor on the left to the pedal assembly on the right, with the tire and rim in the center.

This exploded view diagram illustrates the assembly of a vehicle chassis. The central component is the main frame, which includes a front suspension system with coil springs and shock absorbers, and a rear suspension system with a leaf spring. The chassis is shown with four wheels. Various components are labeled with numbers 1 through 13, indicating their positions relative to the main frame. These components include fenders, wheels, tires, and structural parts. The diagram is a technical drawing, likely from a service manual, showing the relationship between different parts of the vehicle's underbody.

This exploded view diagram illustrates the assembly of a motorcycle seat. The central component is the seat cushion (1), which is shown with its internal structure and various mounting points. Surrounding the seat are various components including the seat base (2), seat backrest (3), seat side panels (4), seat front panel (5), and seat rear panel (6). The diagram also shows the seat's attachment to the motorcycle frame, with callouts 7, 8, 9, 10, 11, 12, 13, 14, 15, and 16 indicating specific mounting points and hardware. The seat is shown in a disassembled state, allowing for a clear view of each part and its relationship to the overall assembly.

This exploded view diagram illustrates the assembly of a motorcycle rear subframe. The central component is the main subframe (11), which features a curved, ribbed design. To its left is the left side plate (10), and to its right is the right side plate (3). The subframe is supported by a central hanger (7) and two side hangers (9 and 8). The side hangers are secured with bolts (4) and washers (5). The side plates are also secured with bolts (4) and washers (5). The diagram includes various other components such as nuts (1), washers (2), and a small bracket (6). The assembly is shown in a disassembled state to facilitate identification of each part.

Diagram 1 illustrates the tools and components required for the first step of the installation. The tools shown are two open-end wrenches, a long thin rod, a short rod with a hexagonal base, and four L-shaped Allen keys of different sizes. The components include a square plate with a central circular hole and a small circular cap or plug.
