PREFACIO

Es nuestro placer presentarles a ustedes el Catálogo de Partes.

Este Catálogo ha sido especialmente diseñado para ayudarle en la selección de las partes correctas con el fin de mantener el vehículo en las mejores condiciones.

Los repuestos originales están sujetos a un exigente estándar de control de calidad, por lo tanto es necesario que usted sólo use repuestos originales.

En nuestro constante esfuerzo para mejorar la eficiencia y desempeño de su vehículo, las especificaciones, diagramas y número de partes pueden cambiar sin previo aviso. Consecuentemente las descripciones de los repuestos en este Catálogo pueden no ser las finales y definitivas.

Las alteraciones y modificaciones que ocurren en la impresión de este Catálogo, serán informadas a nuestra red, a través de circulares de Servicio o en nuestra página web: www.autecomobility.com accediendo al link repuestos. Es requisito que usted actualice su Catálogo y haga las correcciones necesarias, una vez reciba dichas circulares. Lo anterior le asegurará un rápido y adecuado despacho de sus partes, pues las órdenes están siendo diligenciadas con las referencias más actualizadas.

En caso de necesitar asistencia técnica, comunicarse con el Distribuidor Autorizado o llamar al Departamento de Servicios Auteco Mobility.

PROPIEDADES BENEFICIOS

- **Buena protección contra el desgaste**
Ayuda a prolongar la vida útil del motor.
- **Estabilidad térmica y contra la oxidación**
Ayuda a mantener los motores limpios para proporcionar una operación más suave, posibilitando la extensión de frecuencia de cambios de aceite.
- **Buena protección contra la corrosión**
Protege los componentes críticos del motor contra los ácidos de la combustión y la humedad.

Recomendado para las motocicletas
con viscosidad **20W-50**

Exploded view diagram of the cylinder head assembly (CYLINDER HEAD ASSY/CYLINDER ASSEMBLY). The diagram shows the following components and their assembly sequence:

- Top Section:** Components 1 through 10, including the cylinder head cover, head gasket, and various bolts and washers.
- Bottom Section:** Components 11 through 19, including the cylinder head, piston, connecting rod, and various bolts and washers.
- Assembly Sequence:** The diagram shows the assembly of the cylinder head cover, head gasket, and cylinder head, followed by the installation of the piston and connecting rod.

曲轴箱 CRANKCASE

7

This technical drawing shows an exploded view of a crankcase assembly. The main components are the crankcase housing (19) and the crankcase cover (30). The diagram includes numerous numbered parts such as bolts (1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 20, 21, 22, 23, 24, 25, 26, 27, 28), gaskets (29), and other internal components (1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30). The crankcase housing (19) is shown with its internal structure, including the crankshaft area. The crankcase cover (30) is shown with its external features and internal mounting points. The diagram is a detailed exploded view showing the relationship between the various components of the crankcase assembly.

This diagram illustrates the components of a motorcycle headlight assembly, numbered 1 through 13:

- 1**: Main headlight housing (upper and lower sections).
- 2**: Lower headlight housing section.
- 3**: Headlight lens and internal reflector assembly.
- 4**: Mounting bracket for the headlight lens.
- 5**: Top mounting bracket.
- 6**: Top mounting nut/bush.
- 7**: Bottom mounting bracket.
- 8**: Bottom mounting nut/bush.
- 9**: Side mounting bracket.
- 10**: Side mounting nut/bush.
- 11**: Headlight mounting bracket.
- 12**: Headlight mounting bracket (alternative view).
- 13**: Headlight mounting bracket (alternative view).

[illegible]

This diagram illustrates the exploded view of a motorcycle headlight assembly. The components are numbered as follows:

- 1**: Main upper headlight housing.
- 2**: Lower headlight housing or chin guard.
- 3**: The assembled headlight unit, shown within a dashed box.
- 4**: Headlight bulb.
- 5**: Top mounting bracket.
- 6**: Top mounting pin/bush.
- 7**: Rear mounting bracket.
- 8**: Rear mounting pin/bush.
- 9**: Side mounting bracket.
- 10**: Side mounting pin/bush.
- 11**: Rear mounting bracket.
- 12**: Headlight mounting plate.
- 13**: Headlight mounting pin/bush.
- 14**: Headlight lens or cover.
- 15**: Headlight mounting pin/bush.

15

16

This diagram illustrates the exploded view of a motorcycle headlight assembly. The components are numbered as follows:

- 1**: The main headlight housing with the lens.
- 2** and **3**: Small mounting brackets or spacers.
- 4** and **5**: Groups of three small circular fasteners (likely O-rings or gaskets) for the lens seal.
- 6**: Two upward-pointing arrows indicating the direction of assembly for the lens seal.
- 7**: A triangular mounting bracket with three circular holes.
- 8** and **13**: Groups of three small circular fasteners for the bracket.
- 9** and **10**: The headlight mounting brackets with adjustment screws.
- 11** and **12**: Two small circular fasteners for the bracket.

FIGURA N° 17: CABLES

[illegible]

This diagram illustrates the components of a motorcycle headlight assembly, numbered 1 through 11:

- 1**: Left headlight lens and housing.
- 2**: Main headlight bracket or frame.
- 3**: Right headlight lens and housing.
- 4**: Left side mounting bracket.
- 5**: Left side mounting bracket with a red cap.
- 6**: Right side mounting bracket.
- 7**: Small bracket or sensor component.
- 8**: Right side mounting bracket.
- 9**: Right side mounting bracket with a red cap and a green wire.
- 10**: Small black square component.
- 11**: Small black square component.

This diagram illustrates the components of a motorcycle headlight assembly, numbered 1 through 11:

- 1**: Left headlight lens and housing.
- 2**: Main headlight bracket or frame.
- 3**: Right headlight lens and housing.
- 4**: Left side mounting bracket.
- 5**: Left side mounting bracket with a red cap.
- 6**: Right side mounting bracket.
- 7**: Small bracket or sensor component.
- 8**: Right side mounting bracket.
- 9**: Right side mounting bracket with a red cap and a green wire.
- 10**: Small black square component.
- 11**: Small black square component.

[illegible][illegible]

This diagram illustrates the exploded view of a motorcycle headlight assembly. The main component is the headlight housing (4), which features a large lens and a mounting bracket. The assembly includes the following parts:

- 1: A small screw or pin used for mounting.
- 2: A circular gasket or seal.
- 3: A rectangular mounting bracket or plate.
- 4: The main headlight housing.
- 5: A long, thin mounting bracket or arm.
- 6: A small, rectangular mounting bracket or plate.
- 7: Two circular lenses or covers.
- 8: A small, rectangular mounting bracket or plate.
- 9: A curved, flexible mounting bracket or arm.
- 10: A long, thin mounting bracket or arm.
- 11: A small, rectangular mounting bracket or plate.

[illegible]

Diagram illustrating the components of a car seat backrest assembly:

- 1**: Points to the main backrest cushion.
- 2**: Points to two black plastic mounting pins.
- 3**: Points to two circular metal mounting plates.

21

This diagram illustrates the components of a vehicle rear bumper assembly. The parts are numbered as follows:

- 1**: Main bumper housing or shell.
- 2**: Red reflector.
- 3**: Bumper bar or cross-member.
- 4**: Mounting bracket or plate.
- 5**: Mounting hardware (bolts/nuts).
- 6**: Mounting hardware (bolts/nuts).
- 7**: Mounting hardware (bolts/nuts).
- 8**: Mounting hardware (bolts/nuts).

[illegible]

This diagram illustrates the components of a motorcycle headlight assembly. The central component is the headlight housing (1). To its left is the wiring harness (2) with a bulb (3). To its right are two sets of mounting hardware: a pair of screws (4) and a pair of nuts (5). Below the headlight housing is a mounting bracket (6).

25

This diagram illustrates the components of a carburetor assembly. The parts are numbered as follows:

- 1**: Two screws for the float bowl cover.
- 2**: The float bowl cover gasket.
- 3**: The main carburetor body.
- 4**: Two screws for the float bowl.
- 5**: The float needle.
- 6**: The float valve seat.
- 7**: The float bowl.
- 8**: The float bowl gasket.
- 9**: The float bowl cover gasket.
- 10**: The float bowl cover.

[illegible]

This diagram shows the exploded view of a mechanical assembly. The components are numbered as follows:

- 1**: Bolt
- 2**: Washer
- 3**: Main housing or frame
- 4**: Curved duct or pipe
- 5**: Handle
- 6**: Curved duct or pipe
- 7**: Bracket or support
- 8**: Flange or plate
- 9**: Bolt
- 10**: Washer
- 11**: Bolt
- 12**: Washer
- 13**: Washer
- 14**: Washer
- 15**: Bolt
- 16**: Bolt
- 17**: Bolt
- 18**: Washer
- 19**: Bolt
- 20**: Washer
- 21**: Washer
- 22**: Cap or plug

This diagram illustrates the exploded view of a motorcycle fender assembly. The central component is the main fender body (1). Surrounding it are various mounting and support parts: a rear fender bracket (2), a rear fender support (3), a rear fender (4), a front fender bracket (5), a front fender support (6), a front fender (7), a front fender (8), a front fender bracket (9), a front fender support (10), a front fender (11), a front fender (12), and a front fender bracket (13).

[illegible]

This diagram illustrates the components of a rear wheel assembly. The main assembly includes a hub (1), a brake disc (2), a brake caliper (3), a brake pad (4), a brake piston (5), a brake master cylinder (6), a brake line (7), a brake hose (8), a brake master cylinder (9), a brake line (10), a brake hose (11), and a brake master cylinder (12). The components are shown in their relative positions, with callouts 1 through 12 identifying each part.

[illegible]

This diagram illustrates the components of a rear wheel assembly, numbered 1 through 10:

- 1**: A vertical line pointing to the bottom of the diagram area, likely indicating the axle or a reference point.
- 2**: The rear wheel rim and hub assembly.
- 3**: A line pointing to the brake shoe assembly, which is shown in a separate inset box.
- 4**: A component within the brake shoe assembly, likely a spring or adjuster.
- 5**: A long bolt or screw.
- 6**: A small circular washer or spacer.
- 7**: A larger circular washer or spacer.
- 8**: A small cylindrical component, possibly a pin or bush.
- 9**: A small circular component, possibly a pin or bush.
- 10**: A long, flat metal plate or bracket.

[illegible]

This diagram illustrates the components of a bicycle wheel assembly, numbered 1 through 17. The parts are as follows:

- 1**: A complete bicycle tire.
- 2**: A small rectangular block, likely a fender or a small wheel guard.
- 3**: A curved, U-shaped component, possibly a fender or a small wheel guard.
- 4**: A long, thin metal rod or pin.
- 5**: A small square block.
- 6**: A small circular washer or spacer.
- 7**: A small circular component, possibly a cap or a small wheel guard.
- 8**: A small circular component, possibly a cap or a small wheel guard.
- 9**: A small circular component, possibly a cap or a small wheel guard.
- 10**: A small circular component, possibly a cap or a small wheel guard.
- 11**: A small rectangular block.
- 12**: A large, oval-shaped metal rim or frame.
- 13**: A set of three vertical bars or spokes.
- 14**: A set of three vertical bars or spokes.
- 15**: A circular hub or axle component.
- 16**: A set of three vertical bars or spokes.
- 17**: A large, oval-shaped metal rim or frame.

36

This diagram illustrates the components of a bicycle wheel assembly, numbered 1 through 18. The parts are as follows:

- 1**: Tire
- 2**: Tire patch
- 3**: Tire patch
- 4**: Wheel rim
- 5**: Valve core
- 6**: Valve core
- 7**: Valve core
- 8**: Valve core
- 9**: Valve core
- 10**: Valve core
- 11**: Valve core
- 12**: Valve core
- 13**: Valve core
- 14**: Valve core
- 15**: Valve core
- 16**: Valve core
- 17**: Valve core
- 18**: Valve core

[illegible]

[illegible]

Diagram illustrating the components of the rear seat assembly:

- 1: Rear seat backrest/cushion assembly.
- 2: Black rectangular component (likely a seat pad or cover).
- 3: Two screws used for securing the seat pad.
- 4: Two circular components (likely seat bolts or washers).
- 5: Four circular components (likely seat bolts or washers).
- 6: Two screws used for securing the seat base.

42

This diagram illustrates the assembly of a rear suspension component, likely a rear cross-member or control arm bracket. The main component is labeled 1. It features a central mounting point with two circular holes and two curved arms extending outwards. The assembly includes the following parts:

- 1**: The main rear suspension component, a dark metal bracket with a central mounting point and two curved arms.
- 2**: Two long bolts, one for each curved arm, used to secure the assembly to the vehicle frame.
- 3**: Two shorter bolts, one for each circular hole in the central mounting point.
- 4**: Two washers, one for each circular hole in the central mounting point.
- 5**: Two larger washers, one for each curved arm, used to distribute the load from the long bolts.
- 6**: Two small circular components, likely spacers or bushings, used in conjunction with the shorter bolts.
- 7**: Two small circular components, likely spacers or bushings, used in conjunction with the longer bolts.

43

This diagram illustrates the assembly of a motorcycle frame. The main frame is labeled 1. Various components are shown in their relative positions for assembly, including:

- 8: Two small circular fasteners (washers or spacers) located at the top of the frame.
- 2: A long vertical bar or support.
- 3: A small pin or clip.
- 4: A small circular fastener.
- 5: A small pin or clip.
- 6: A set of three vertical pins or spacers.
- 7: A set of five long, thin rods or tubes.
- 9: A set of two short, thick rods or spacers.
- 10: A set of five long, thin rods or tubes.
- 11: A small circular fastener.
- 12: A dark, curved protective plate or fender.
- 13: A small circular fastener.
- 14: A set of four small circular fasteners.
- 15: A small circular fastener.

44

This diagram illustrates the components of a mechanical assembly, numbered 1 through 14. The parts are as follows:

- 1**: Two long vertical bolts.
- 2**: Two medium-length vertical bolts.
- 14**: Two short vertical bolts.
- 3** and **4**: Two identical black triangular plates with three mounting holes each.
- 5**: Two large circular washers.
- 6**: Two sets of three medium circular washers each.
- 7**: Two small vertical bolts.
- 8**: A black triangular plate with three mounting holes, similar to 3 and 4 but smaller.
- 9**: Two small circular washers.
- 10**: A small horizontal pin or clip.
- 11** and **12**: Two small circular spacers or washers.
- 13**: A long, thin horizontal metal bar with a central mounting hole.
