PREFACIO

Es nuestro placer presentarles a ustedes el Catálogo de Partes.

Este Catálogo ha sido especialmente diseñado para ayudarle en la selección de las partes correctas con el fin de mantener el vehículo en las mejores condiciones.

Los repuestos originales están sujetos a un exigente estándar de control de calidad, por lo tanto es necesario que usted sólo use repuestos originales.

En nuestro constante esfuerzo para mejorar la eficiencia y desempeño de su vehículo, las especificaciones, diagramas y número de partes pueden cambiar sin previo aviso. Consecuentemente las descripciones de los repuestos en este Catálogo pueden no ser las finales y definitivas.

Las alteraciones y modificaciones que ocurren en la impresión de este Catálogo, serán informadas a nuestra red, a través de circulares de Servicio o en nuestra página web: www.autecomobility.com accediendo al link repuestos. Es requisito que usted actualice su Catálogo y haga las correcciones necesarias, una vez reciba dichas circulares. Lo anterior le asegurará un rápido y adecuado despacho de sus partes, pues las órdenes están siendo diligenciadas con las referencias más actualizadas.

En caso de necesitar asistencia técnica, comunicarse con el Distribuidor Autorizado o llamar al Departamento de Servicios Auteco Mobility.

Exploded view diagram of a 125cc engine assembly. The diagram shows the following components and their assembly order:

- 1**: Spark plug
- 2**: Spark plug cap
- 3**: Spark plug gasket
- 4**: Piston pin
- 5**: Piston pin clip
- 6**: Piston pin clip
- 7**: Piston pin clip
- 8**: Piston pin clip
- 9**: Piston pin clip
- 10**: Piston pin clip
- 11**: Piston pin clip
- 12**: Piston pin clip
- 13**: Piston pin clip
- 14**: Piston pin clip
- 15**: Piston pin clip
- 16**: Piston pin clip
- 17**: Piston pin clip
- 18**: Piston pin clip

Two red boxes highlight specific sub-assemblies:

- Box 19**: Shows the cylinder head and piston assembly.
- Box 20**: Shows the crankcase and lower cylinder components.

- 27**: Small pin/bush.
- 28**: Small pin/bush.
- 29**: Small pin/bush.
- 30**: Small pin/bush.
- 31**: Small pin/bush.

The inset diagram shows a top-down view of the housing with mounting points labeled 4, 5, and 5.

8

Exploded view diagram of a mechanical assembly. The components are numbered 1 through 17. The assembly includes a central shaft (17) with a crank (4) and a piston (10). Various gears (1, 2, 14, 15) and a pin (16) are shown. A red box highlights a sub-assembly consisting of a spring (11), a piston (10), and a pin (16), labeled with the number 18.

This diagram illustrates the exploded view of a mechanical assembly, showing 34 numbered components. The assembly is organized into three main sections, labeled 1, 2, and 3.

- Section 1:** Located at the top, it contains components 1 through 14. It features a series of gears (4, 5, 6, 7, 8, 9, 10, 11, 12, 13) mounted on a shaft (14). A small component (1) is shown at the far left.
- Section 2:** Located in the middle, it contains components 15 through 22. It shows a gear (18) mounted on a shaft (23), with a small component (15) and a nut (16) at the far left. A small component (22) is shown at the far right.
- Section 3:** Located at the bottom, it contains components 23 through 34. It shows a long shaft (23) with a series of gears (24, 25, 26, 27, 28, 29, 30, 31, 32, 33) mounted on it. A small component (34) is shown at the far right.

The diagram uses a perspective view to show the relative positions and orientations of the components. The components are labeled with numbers 1 through 34, and the sections are labeled with numbers 1, 2, and 3.

[illegible]

This technical diagram illustrates the exploded view of a vehicle suspension system, likely for a rear axle. The components are numbered 1 through 20:

- 1**: A small pin or bolt.
- 2**: A coil spring.
- 3**: A bracket or housing component.
- 4**: A long, curved leaf spring.
- 5**: A pin or bolt.
- 6**: A coil spring.
- 7**: A pin or bolt.
- 8**: A long, straight axle shaft.
- 9**: A long, straight axle shaft.
- 10**: A bracket or housing component.
- 11**: A bracket or housing component.
- 12**: A bracket or housing component.
- 13**: A pin or bolt.
- 14**: A pin or bolt.
- 15**: A bracket or housing component.
- 16**: A pin or bolt.
- 17**: A coil spring.
- 18**: A bracket or housing component.
- 19**: A bracket or housing component.
- 20**: A pin or bolt.

The diagram shows the assembly of these parts into a complete suspension unit. A dashed line indicates the assembly path for the upper half of the unit, while the lower half is shown separately.

12

This exploded view diagram illustrates the assembly of a fuel system component. The main assembly consists of a fuel pump (1) connected to a fuel filter (2) via a fuel line (3). The fuel filter is secured with two screws (4). The fuel line is connected to a fuel injector (5) which is mounted on a fuel rail (6). The fuel rail is secured with three screws (5). The fuel rail is connected to a fuel nozzle (7) which is mounted on a fuel manifold (8). The fuel manifold is secured with a nut (9).

[illegible]

An exploded view diagram of a motor assembly. The components are numbered as follows:

- 1: The main motor unit, featuring a cylindrical body, a mounting bracket with two screws, and a power cord with a two-prong electrical plug.
- 2: Two small screws used for mounting the motor.
- 3: A short cylindrical shaft or pin.
- 4: A longer cylindrical shaft or pin.
- 5: A small gear with 12 teeth.
- 6: A medium-sized gear with 12 teeth.
- 7: A large gear with 24 teeth.
- 8: A small circular washer or spacer ring.

This diagram illustrates the components of a car headlight assembly. The main assembly is shown on the left, with various parts labeled with numbers 1 through 15. The components include:

- 1:** A small screw or pin.
- 2:** A circular gasket or seal.
- 3:** A rectangular component, likely a relay or control unit.
- 4:** A long, thin component, possibly a fuse or a wire.
- 5:** A small, dark component, possibly a switch or a connector.
- 6:** A long, thin component, possibly a fuse or a wire.
- 7:** A circular component, possibly a lens or a gasket.
- 8:** A small, dark component, possibly a switch or a connector.
- 9:** A small, dark component, possibly a switch or a connector.
- 10:** A small, dark component, possibly a switch or a connector.
- 11:** A small, dark component, possibly a switch or a connector.
- 12:** A circular component, possibly a lens or a gasket.
- 13:** A long, thin component, possibly a fuse or a wire.
- 14:** A long, thin component, possibly a fuse or a wire.
- 15:** A small, dark component, possibly a switch or a connector.

[illegible]

An exploded view diagram of a motorcycle front fairing assembly. The diagram shows the following components and their assembly relationships:

- 1**: A set of 14 screws arranged in two rows of seven, used to secure the lower fairing panels.
- 2**: A set of 7 screws used to secure the lower fairing panels.
- 3**: The left lower fairing panel.
- 4**: The right lower fairing panel.
- 5**: The left upper fairing panel.
- 6**: The right upper fairing panel.
- 7**: A set of 6 screws used to secure the upper fairing panels.
- 8**: The left side fairing panel.
- 9**: The right side fairing panel.

Exploded view diagram of a mechanical assembly. The diagram shows various components labeled with numbers in boxes. A red box highlights a vertical stack of six O-rings, with a leader line pointing to the number 19.

Numbered parts shown:

- 1: Small circular gasket or seal.
- 2: O-ring.
- 3: Bolt or screw.
- 4: O-ring.
- 5: O-ring.
- 6: O-ring.
- 7: Bolt or screw (two shown).
- 8: O-ring.
- 9: O-ring.
- 10: Bolt or screw (two shown).
- 11: Long vertical shaft or rod.
- 12: Complex mechanical component, possibly a valve or actuator.
- 13: Bolt or screw (two shown).
- 14: Bolt or screw (four shown).
- 15: Bolt or screw.
- 16: O-ring.
- 17: Bolt or screw.
- 18: Bolt or screw.
- 19: A vertical stack of six O-rings.

[illegible]

This diagram illustrates the assembly of a mechanical component, likely a sprocket or a part of a drive system. The components are numbered 1 through 11:

- 1**: A large, dark, curved metal plate with four circular holes and a small circular hole at the bottom left.
- 2**: A long, dark, curved metal chain or belt.
- 3**: A small, dark, curved metal plate.
- 4**: A small screw or bolt.
- 5**: A small washer or spacer.
- 6**: A small screw or bolt.
- 7**: A small screw or bolt.
- 8**: A small washer or spacer.
- 9**: A large, circular metal gear or sprocket with 12 teeth.
- 10**: A small, circular metal ring or washer.
- 11**: A red rectangular box containing a sub-assembly of components 2, 3, 9, and 10, showing how they fit together.

33

This diagram illustrates the assembly of a mechanical component, likely a pump or motor housing. The parts are numbered 1 through 19. The main assembly consists of a central housing (10) with a circular flange (9) and a central shaft (13). The housing is secured by a cover plate (2) and a flange plate (4). The cover plate is held in place by a bracket (11) and a screw (12). The flange plate is secured by a bracket (11) and a screw (12). The central shaft (13) is supported by a bearing (16) and a nut (17). The bearing is held in place by a bracket (11) and a screw (12). The nut is secured by a bracket (11) and a screw (12). The diagram also shows various other components such as a cable (1), a connector (5), a plug (6), a switch (7), a sensor (8), a valve (14), a filter (15), a hose (18), and a pipe (19).

This diagram shows the exploded view of a mechanical assembly, likely a vehicle's rear suspension or steering component. The parts are numbered 1 through 11:

- 1**: Two long bolts with washers, used for mounting the coil spring.
- 2**: Two small washers.
- 3**: Two larger washers.
- 4**: A coil spring with a yellow band.
- 5**: A U-bolter or shackle component.
- 6**: A small bolt.
- 7**: A small washer.
- 8**: A long, thin rod or pin.
- 9**: Two larger washers.
- 10**: Two small circular components, possibly bushings or spacers.
- 11**: The main structural frame or bracket.

An exploded view diagram of a hand tool assembly, likely a pry bar or crowbar. The components are numbered 1 through 8:

- 1**: A black, curved handle with a loop at the top.
- 2**: A small metal pin or screw.
- 3**: A metal ring or washer.
- 4**: A small metal pin or screw.
- 5**: A black, curved handle with a loop at the top.
- 6**: A long, curved metal bar with a loop at the top and a flat end.
- 7**: A small metal pin or screw.
- 8**: A metal ring or washer.

[illegible]

An exploded view diagram of a rear suspension assembly. The diagram shows two main components, the left and right rear suspension arms, labeled with callout 2. Between the arms are two green shock absorbers, labeled with callout 3. Below the shock absorbers are four green coil springs, labeled with callout 4. To the right of the arms are three sets of wheels and tires, labeled with callout 5, 6, and 7 respectively. The wheels are shown in a perspective view, with the tires appearing to be mounted on the wheels. The entire assembly is shown in a symmetrical layout.
